

Joint Meeting 2018:

ICS Thailand section and IASGO-TH Post Graduated Course

****Pushing the Development in Surgery****

15-16 December 2018

Venue: Greenery Resort Khao Yai
Nakhon Ratchasima, Thailand

Agenda

**15 DEC
2018**

8:00-8:30	Registration	Faculty	
8:30-9:00	Opening ceremony	Prof.Sukij Panpimanmas Prof.Thawatchai Akaraviputh	
9:00-9:20	Sem Pring-Puang-Geo Memorial Lecture Chairman: Prof.Sukij P	Prof.Supakorn Rojananin	
9:20-10:00	Keynote lecture Chairman: Prof.Thawatchai A, Krit K I How to be an academic surgeon? II Multi-disciplinary approach to treatment of pancreatic cancer	Prof.Minoru Tanabe (Japan) Prof.Kyoichi Takaori (Japan)	
10:00-10:30	Coffee break		
	Room I		Room II
10:30-12:05	Colorectal session Theme: Trouble shooting in colorectal cancer Chairman: Siripong C, Pawit S 10.30-11.25 Splenic flexure mobilization: Gienie out of the bottle 10.30-10.45 Anatomical and pitfall 10.50-11.05 Medial to lateral or lateral to medial 11.10-11.25 Rescue procedures in case of inadequate length 11.30-11.45 Optimum IMA ligation: High tie VS. Low ties 11.50-12.05 Ta TME How to simplified	Attaporn Trakarnsanga Suwan Sanmee Pornthep Prathanvanich Siripong Chewatanagongun Prof.Masaaki Ito (Japan)	General meeting of ICS

**15 DEC
2018**

12:30-13:30	Lunch symposium I STORZ Chairman: <i>Prof. Anusak Y</i> Application of new image technology in MIS HPB Surgery	<i>Kuo-Hsin Chen (Taiwan)</i>	
13:30-15:30	HPB session Theme: Best Oncologic Outcomes for Treatment of HCC Chairman: <i>Sa-ard T, Rawisak C</i> “HCC” What’s the optimal approach ? 13.30-13.50 Open hepatectomy 13.50-14.10 Laparoscopic hepatectomy 14.10-14.30 Technical analysis of laparoscopic liver resection for safe and stable procedure 14.30-14.50 Case discussion “Recurrence HCC” What’s the optimal approach ? 14.50-15.10 Repeated hepatectomy 15.10-15.30 Salvage liver transplantation	<i>Wipusit Taesombat</i> <i>Prof. Kyung-Suk Suh (Korea)</i> <i>Prof. Minoru Tanabe (Japan)</i> <i>Tortrakoon Thongkan</i> <i>Bunthoon Nonthasoot</i> <i>Prof. Kyung-Suk Suh (Korea)</i>	Resident paper contest I
15:30-16:00	Coffee break		
16:00-17:00	Master VDO (15 min) Chairman: <i>Prof. M Tanabe, Poochong T</i> 1 Robotic D2 gastrectomy 2 POEM 3 Artery-first distal pancreatectomy 4 Laparoscopic liver resection	<i>Prof. Anusak Yiengprugsawan</i> <i>Jerasak Wannaprasert</i> <i>Prof. Kyoichi Takaori (Japan)</i> <i>Prof. Kyung-Suk Suh (Korea)</i>	Resident paper contest II
17:00-18:00	General meeting of IASGO	IASGO committee	

**16 DEC
2018**

	Room I		Room II
9:00-10:30	<p>HIPEC session Chairman: Krit K, Asada M</p> <ol style="list-style-type: none"> 1. Pathology of appendiceal mucinous neoplasm/pseudomyxoma peritonei, AJCC Update. Understand the un-understandable pathology. AJCC Updates. 2. Optimal time for CRS/HIPEC in patients with pseudomyxoma peritonei. The earlier the better? 3. Cytoreductive Surgery and HIPEC for colorectal cancer, a new standard of care? 4. Patient selection for CRS/HIPEC in peritoneal surface malignancies. Can we predict who will benefit from CRS/ HIPEC? 5. CRS/HIPEC in management of peritoneal surface malignancies, what can we learn from a high volume center in Japan. 	<p><i>Nareumon Wisedopas</i></p> <p><i>Vorawit Wanichsuwan</i></p> <p><i>Krit Kitisin</i></p> <p><i>Asada Methasate</i></p> <p><i>Chayanit Sirisai</i></p>	<p>Patient safety I Chairman: Prof.Supakorn R</p> <ol style="list-style-type: none"> 1. What's new in Patient Safety 2018? <i>Pornthep Pramyothin</i> 2. Medical Reconciliation in Surgery Why and How? <i>Piya Samankatiwat</i>
10:30-11:00	Coffee break		Coffee break
11:00-12:30	<p>Upper GI session Chairman: Chadin T, Jirawat S</p> <ol style="list-style-type: none"> 1.Role of resection after CMRT for T4 esophageal cancer 2.Salvage after chemoradiation therapy for esophageal cancer 3.Treatment of EGJ cancer : Future direction 4.Therapeutic strategy for gastric cancer patients with extensive lymph node metastasis 5.Variety of Reconstruction after gastrectomy 	<p><i>Prasit Mahawongkajit</i></p> <p><i>Worapong Anuponganan</i></p> <p><i>Jirawat Sawangsri</i></p> <p><i>Asada Methasate</i></p> <p><i>Suppa-ut Pungpapong</i></p>	<p>Patient safety II Chairman: Prof.Supakorn R</p> <ol style="list-style-type: none"> 1. ERAS <i>Varut Lohsiriwat</i> 2. DVT Prophylaxis Surgery <i>Nuttawut Semsathasawadi</i>

**16 DEC
2018**

12:30-13:30	Lunch symposium II Olympus Chairman: <i>Wipusit T</i> How to perform safe and precise hepatic parenchymal transection	<i>Rawisak Chanwat</i>	
13:30-15:00	Endoscopic session: Chairman: <i>Prof.Sukij P, Prof.Thawatchai A</i> 1. EUS guided biliary drainage in malignant obstruction 2. Ampullectomy, Tips and Technique 3. Role of endoscopic treatment in Cholangiocarcinoma 4. Pre operative biliary drainage in malignant biliary tract obstruction, Is it necessary?	<i>Kannikar Laohavichitra</i> <i>Chainarong Paranusitpeha</i> <i>Jerasak Wannaprasert</i> <i>Prof.Thawatchai Akaraviputh</i>	Workshop <i>Prof.Supakorn Rojananin</i> <i>Pornthep Pramyothin</i> <i>Varut Lohsiriwat</i> <i>Piya Samankatiwat</i> <i>Nuttawut Semsathasawadi</i>
15:00-15:30	Closing
